Plug Into a Local Users Group

Could you benefit from getting together more often with your peers? Check out the Users Groups that are at work in South Carolina and see where you might fit in...

Pee Dee Users Group

This users group was awarded a Lifetime Achievement Award at the 2016 SCARC Conference. It is the longest running Users Group in the state. This group meets every quarter at the Florence County Library.

<http://pdgisusers.org/>

Foothills Arc Users Network

SC FAUN meets in Greenville at the Appalachian Council of Governments.

<http://scfaun.org/>

Central Savannah River Area

The CSRA Users Group provides an opportunity for mapping professionals from around the Central Savannah River Area (and beyond) to gather and discuss the latest in GIS and IT. This group meets at a great BBQ restaurant in Aiken.

Horry Georgetown GIS Users Group

This group meets bi-annually at different locations. They have a variety of government entities and companies that participate in their group. For more information, contact Robert Gause at

Edward.Gause@htcinc.net
